**LOCUST
PROJECTS**

FOUNDED BY ARTISTS FOR ARTISTS IN 1998

Locust Projects' new 8,000 sq. ft. home in Little River features a rotating schedule of site-specific installations by an array of local, national and international artists in the Main Gallery, Project Room and Digital Innovation Lab. Selected artists will have access to studio work space in the months prior to their project opening.

PROJECT ROOM

Approximately 625 sq ft

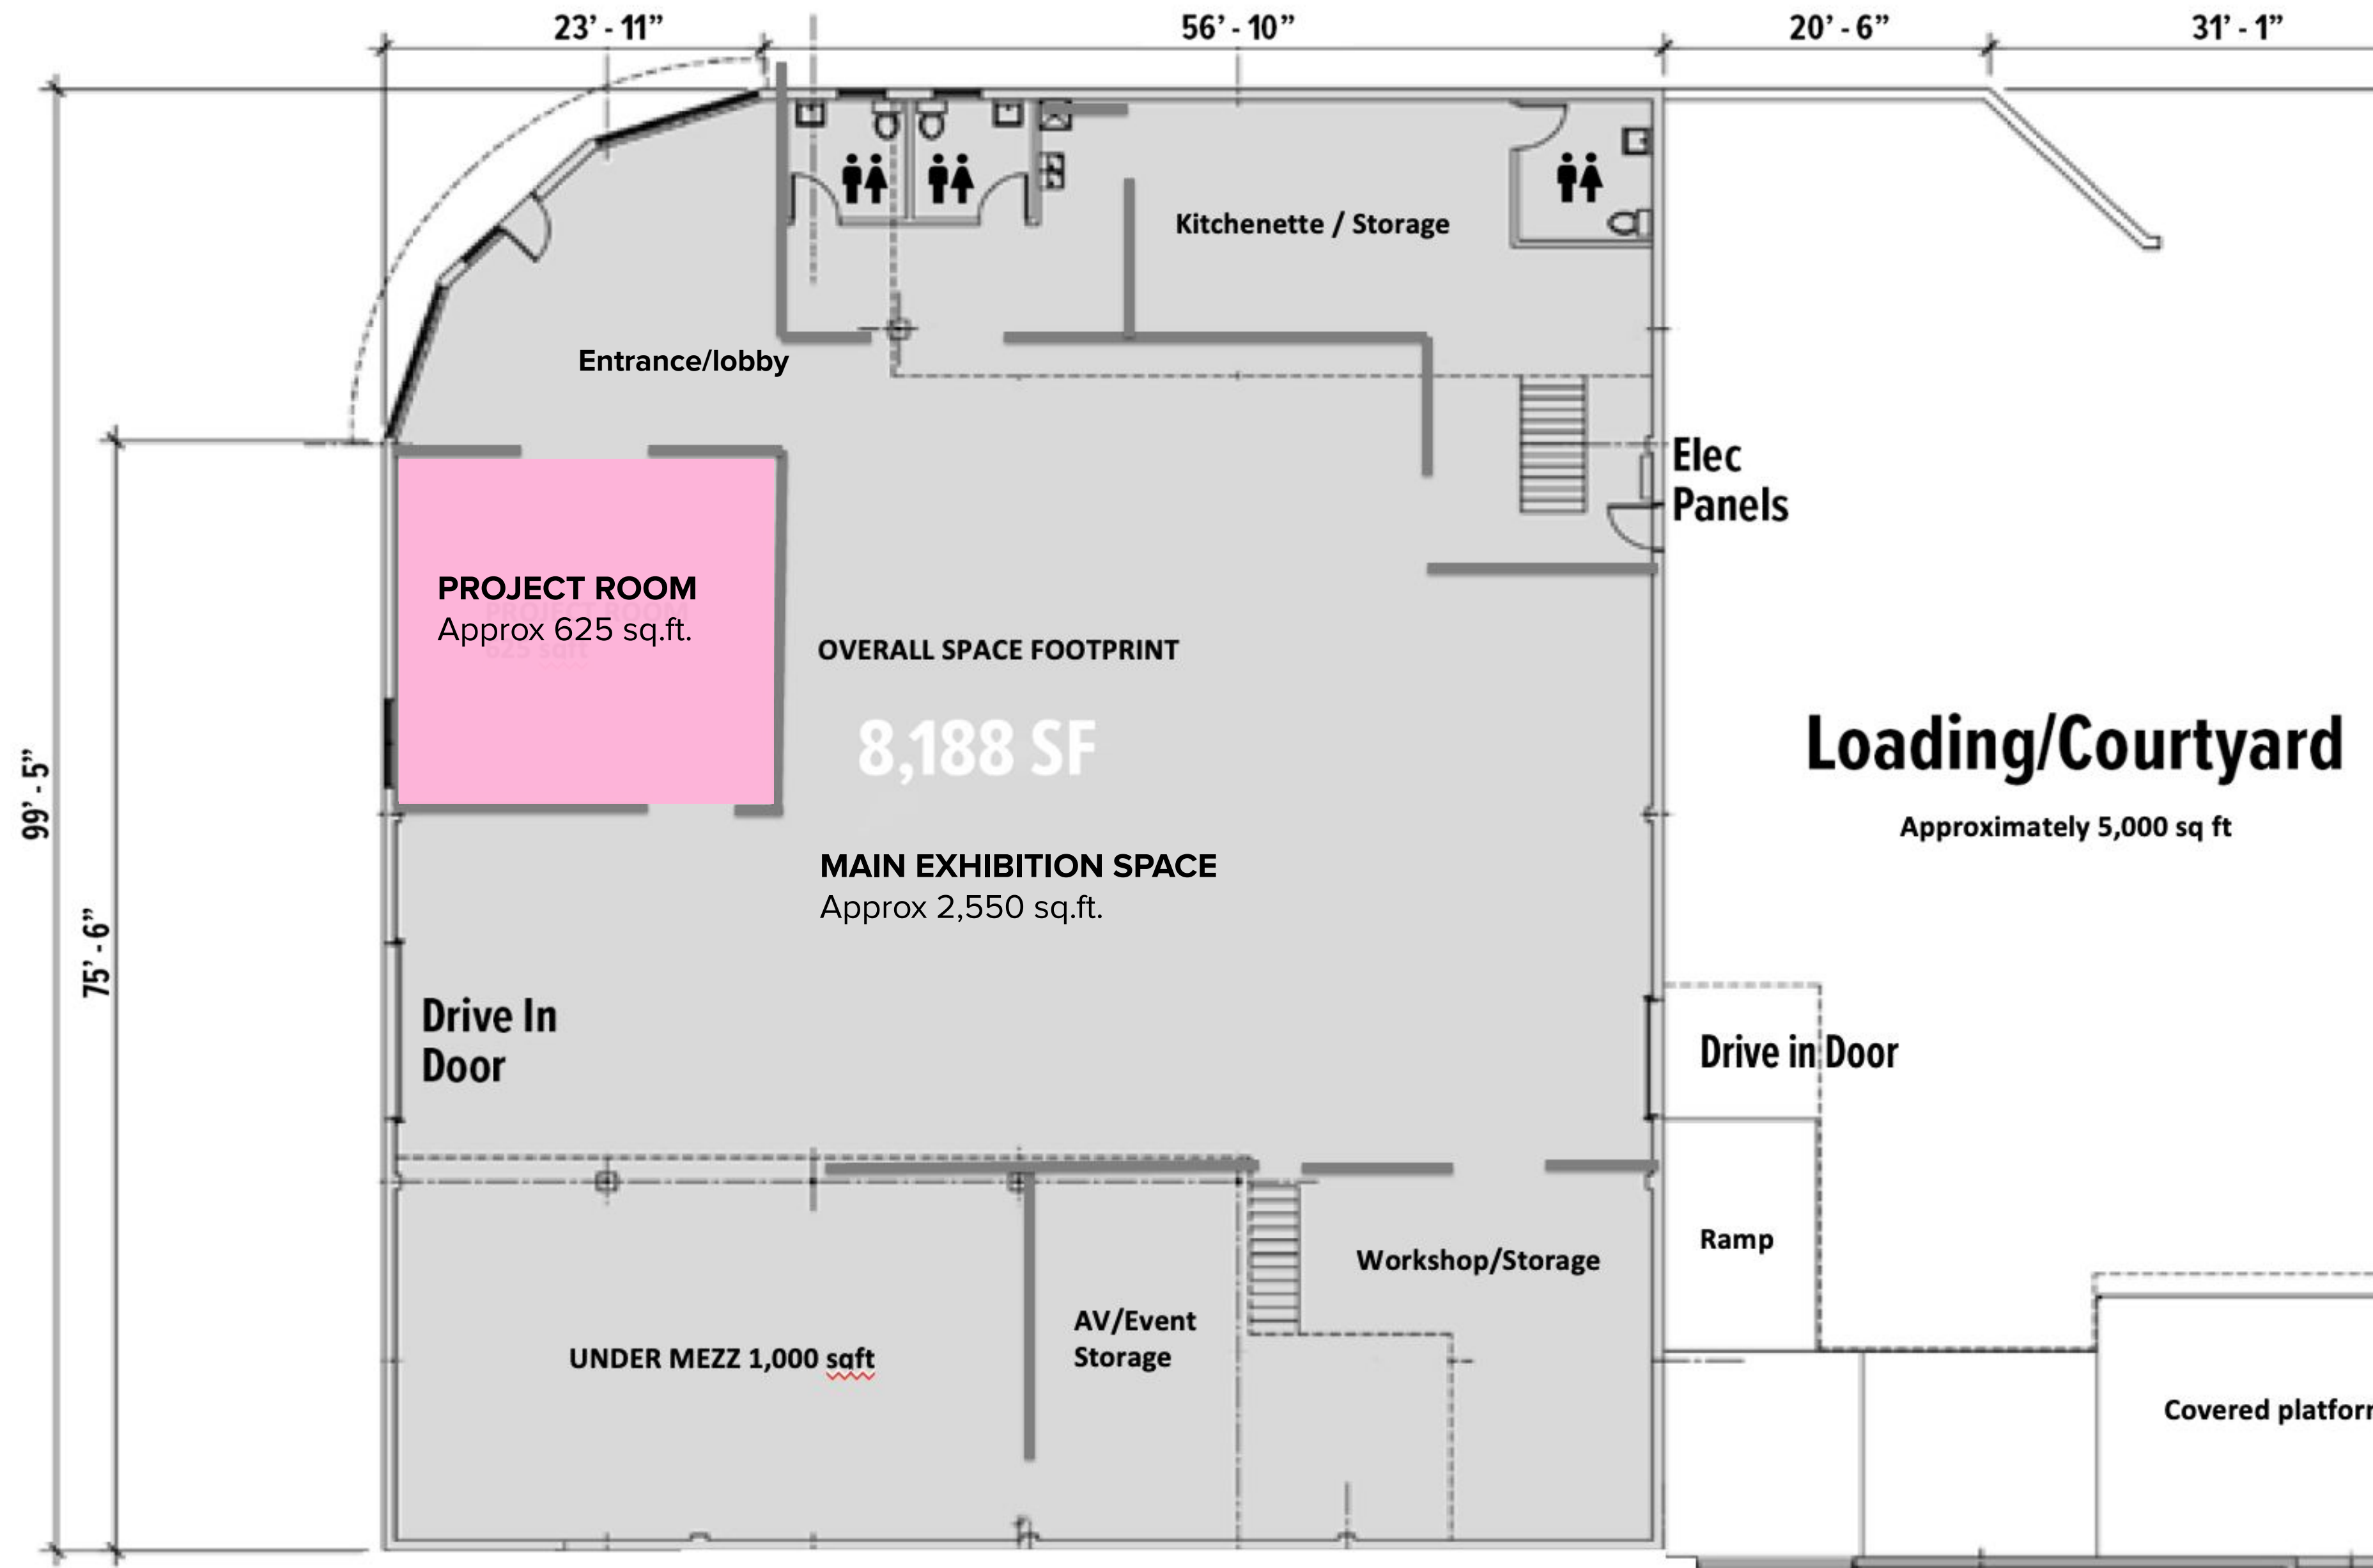

ABOUT THE SPACE

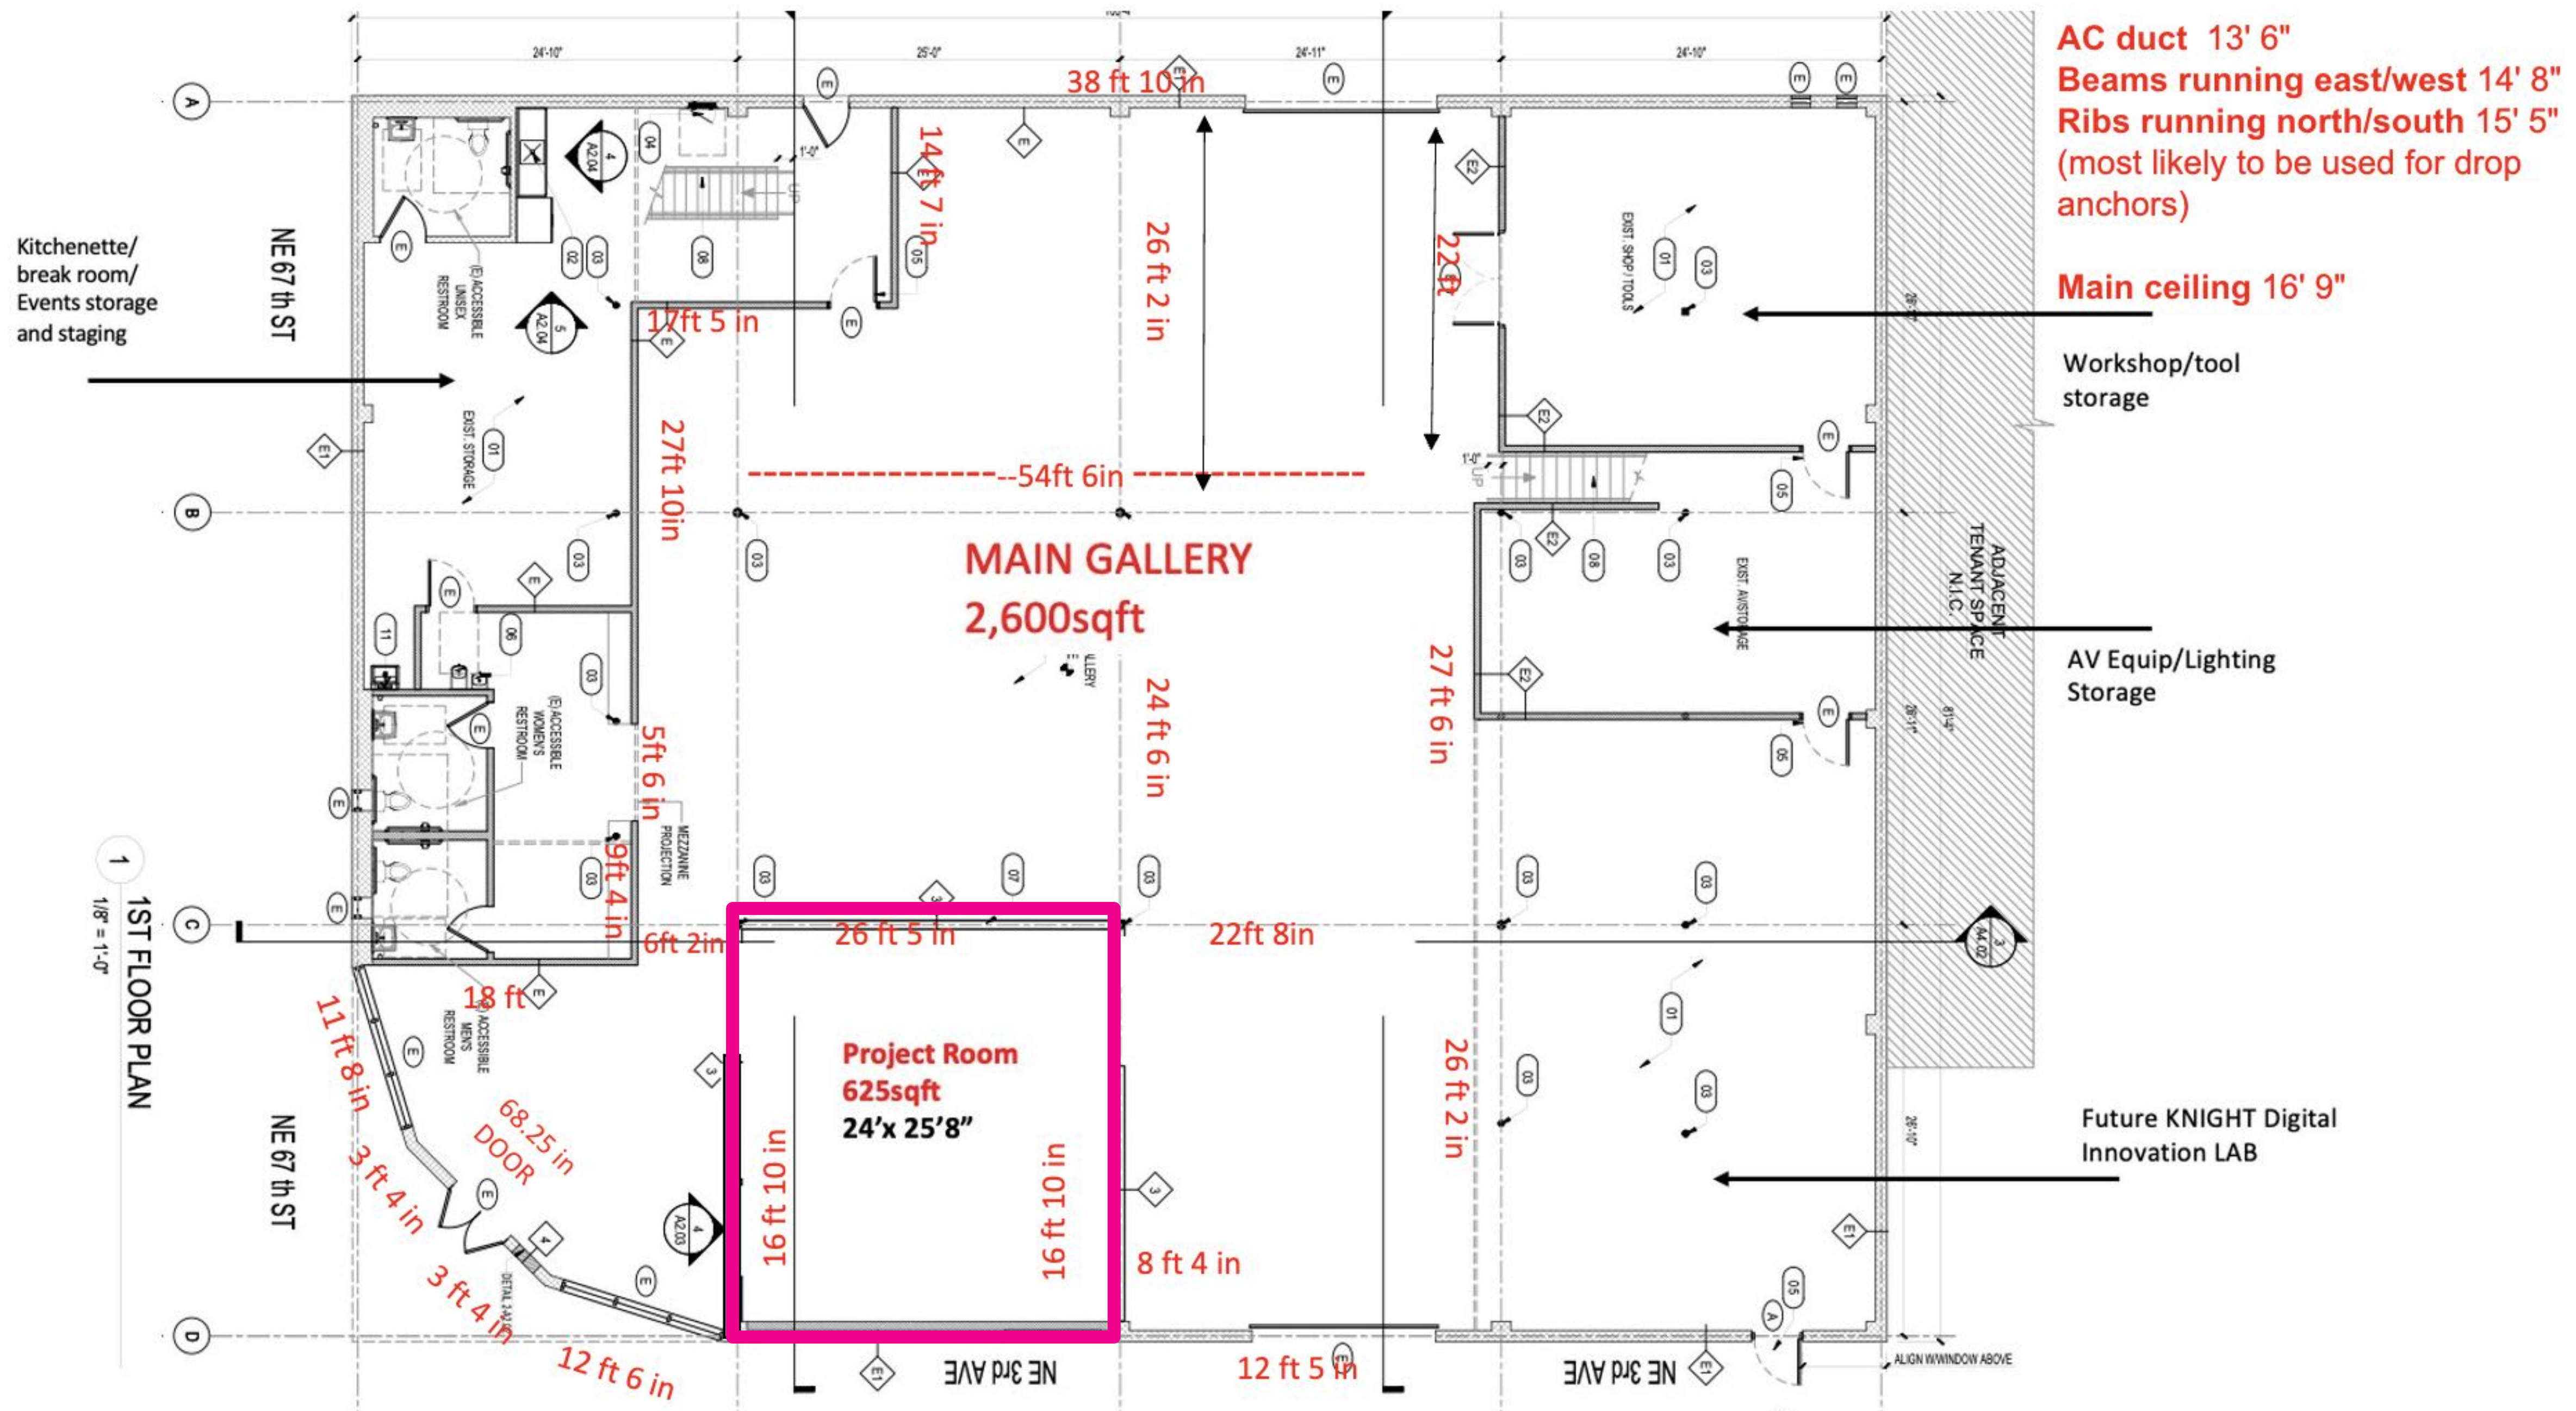

Floor to ceiling measurements:

- AC duct lowest point 12'10"
- Beams run east/west 14'8"
- Ribs run north/south 15'5"
- Main ceiling 16'9"

Windows:

- 2 on east wall
- Bottom of window 10' to floor

AC duct 13' 6"
Beams running east/west 14' 8"
Ribs running north/south 15' 5"
 (most likely to be used for drop anchors)

Main ceiling 16' 9"

Workshop/tool storage

Eyes Of The
Skin
by Jen Clay

"Poetics of Place" by Cornelius Tulloch and Catherine Conroy. The work is a collaborative effort to explore the relationship between place and identity. It features a series of colorful, abstract panels that create a sense of depth and movement. The installation is set in a gallery with blue walls and a white ceiling. The floor is a light-colored concrete.
